SUMMARY

Skilled **React Js Developer** with experience in building scalable web applications using **React Js , JavaScript (ES6+),TypeScript** and **Redux**. Strong background in frontend performance optimization, cross-browser compatibility, and writing clean, maintainable code. Adept at collaborating with cross-functional teams to deliver seamless user experiences and maintain code quality through best practices, testing, and reusable components. Passionate about creating clean, intuitive interfaces and continuously learning emerging technologies to enhance web solutions.

SKILLS

Frontend: React Js, JavaScript, TypeScript, Redux , HTML5, CSS3, Material-UI

Backend & APIs: Node js, GraphQL , RESTful APIs

Mobile: React Native , Ionic React, Android Studio

Tools & Others: Git, VS Code , Agile Software

Software Development Practices:SOLID Principles, Mobile App Development, Design Patterns, MVVM, MVC, Gradle, Version Control, Postman, JSON , CI/CD Principal

EXPERIENCE

Associate Software Developer

Simpsoft solutions Pvt. Ltd

Apr '23 -Present

Kolkata, India

- Implemented login, integrating **JWT authentication** via **RESTful APIs** to ensure a smooth and secure user experience.
- Developed and maintained **scalable** React applications with **Redux** state management and **RESTful API** integrations.
- Ensured cross-browser compatibility and responsive design using **HTML5, CSS3, Material UI**, and **Tailwind CSS**.
- Resolved complex React component issues, ensuring high performance and responsiveness.
- Optimized performance using **lazy loading**, **code-splitting**, and **reusable components**.

PROJECTS

SSuites [Link](#)

- Developed and implemented **customized layouts and dashboards** in SSuites, ensuring scalability and a seamless user experience.
- Developed **interactive data visualizations and graphs** to provide actionable business insights.
- Integrated and customized a **calendar module** with event management and scheduling features.
- Implemented **global search functionality** with optimized query performance for faster data retrieval.
- Contributed to the **low-code/no-code framework** within SSuites, enabling faster deployment of configurable applications.
- Automated **form validations and error handling** for better usability and data accuracy.

Sim Vault [Link](#)

- Developed cloud-based file storage features including upload, download, and search functionalities.
- Integrated **secure APIs** with **JWT authentication**, encrypted **communication**, and strong data validation.
- Automated **form validations and error handling** for better usability and data accuracy
- Ensured **data integrity and security compliance** through encryption and validation at multiple layers.

Ag Scout

- Built **interactive dashboards** to visualize key farm metrics including worker productivity, inventory levels, and task progress.
- Designed and implemented **work order workflows** to manage daily farm tasks and workforce activities efficiently.
- Integrated **map-based features** for tracking farm fields, worker locations, and equipment usage.

EDUCATION

MCA, Vidyasagar University

2021 — 2023

Midnapore, West Bengal, India

BCA, Kharagpur College

2018 --- 2021

Kharagpur, West Bengal, India
